

Contract Packing Services

Country Products

Country Products was founded in 1983 by Mark Leather who developed a passion for Wholefoods whilst travelling the World over the previous five years.

Country Products

- Country Products initially sold Wholefoods to local markets, following the purchase of the first packing machine the business expanded into contract packing for a number of key clients

Country Products

- Country Products can provide flexible turnkey, filling and packaging services for its customers, saving you time and money. You don't just want your project to simply be filled, you want to feel fulfilled, with peace of mind and satisfaction that comes with making one phone call to your trusted contract packing partner.

- Our modern and flexible premises allow us to provide a tailor-made solution to your packing needs.
- We'll work proactively with you to optimise your packing requirements, ensuring flexibility and quality.
